

NNEF

2010 MEETING

The National Needle Exchange Forum (NNEF)

cordially invites you to their forthcoming all day meeting

BRINGING ADDED VALUE TO NEEDLE EXCHANGE

Friday 19th March 2010

Central Hall, St Mary Street, Southampton. 10am-3pm

THIS EVENT IS FREE FOR ALL NNEF MEMBERS.

This meeting will showcase examples of good practice from across the UK. For 2010, there will be a special focus on the practical, 'bolt-on' services that can easily be delivered alongside needle and syringe exchange to improve appeal, client contact numbers and service quality. A full agenda will be published in early 2010, and we plan to include:

- > engaging peer exchangers
- > encouraging route transitions
- > providing a full range of equipment
- > offering auricular acupuncture
- > proactively reducing drug-related litter
- > supporting recovery and abstinence

Why should I attend?

This event is highly relevant to needle exchange workers, managers, commissioners, advocates and service users. As always, the NNEF meeting will enable those involved in needle exchange provision to share knowledge, good practice and experiences across the UK, with the ultimate outcome of improving services. The meeting is FREE for all NNEF members, and NNEF membership itself is FREE. Therefore, given the increasing financial restrictions that many workers face in terms of conferences and training, this is an excellent opportunity. Attendance certificates can also be provided to go towards your CPD portfolio.

Can I present?

The NNEF is YOUR forum, and welcomes presentations from needle exchange workers and service users. If you have an innovative project, scheme or service that you would like to share this with a friendly, like-minded audience, please contact helen_wilks@yahoo.com.

How do I book my place?

Please download an electronic booking form from www.nnef.org.uk and email it to CarlitaM@drugscope.org.uk, who will then confirm your place. You will then be contacted in early 2010 with details about the venue, travel, parking, the agenda and logistics. If you are not already an NNEF member, membership will be automatically provided when bookings are processed (subject to NNEF membership rules).

*Please note that there are limited places available for this event.
The 2009 NNEF meeting was fully booked weeks in advance, so secure your place early!*
